Information Security Policy

Document ID	Owner	Version	Effective date	Classification
IT-004	Chief Information Security Officer	5	2026-04-01	Internal

1. Passwords and Authentication

Passwords must be at least 14 characters and changed every 180 days. Multi-factor authentication is mandatory for all company systems.

2. Incident Reporting

Suspected security incidents, including phishing emails, must be reported to the security team within 1 hour of discovery. A lost or stolen company device must be reported immediately so it can be remotely wiped.

3. Data Classification

All company data must be classified. Handling rules are shown in Table 1.

Class	Examples	Personal devices	Personal email	Encryption required
Public	Press releases, job ads	Allowed	Allowed	No
Internal	Policies, org charts	Read-only via company app	Not allowed	In transit
Confidential	Contracts, customer lists	Not allowed	Not allowed	At rest and in transit
Restricted	Salary data, source code, health data	Not allowed	Not allowed	At rest and in transit

Confidential and Restricted data must never be stored on personal devices or sent to personal email accounts.
